QUALITY POLICY

In accordance with BS EN ISO 9002, the company will:

Generate systems of continuous improvement across the whole company.

Improve the performance of individual members of staff and ultimately the organisation as a whole by providing training in accordance with the Company Training Policy.

Agree standards of performance with the customer to establish and achieve customer needs.

Secure customer and third party approval to demonstrate the capability of our quality management system

Monitor and review, on a regular basis, all systems throughout the organisation against the objectives of the company and that of ISO 9002.

B. R. Ottey: Proprietor
